

U. S. PROSECUTOR BERTH BEGGING

J. Berry King Declines Job as It's Only for a Few Months

Special to The World.

MUSKOGEE, Dec. 1.—The appointment of J. Berry King, Muskogee attorney, as United States district attorney was made Tuesday by President Wilson on recommendation of Attorney-General Palmer and Senator Robert Owen. Because of the short term remaining to the democrats and the consequent loss to his private practice, King has sent his tentative refusal to Washington.

Indications were Wednesday that no further appointment would be made and that Charles W. Miller, temporarily United States attorney as court appointment, would hold the position until March 4, when the republicans come into power.

"I didn't like to turn down the appointment, but I couldn't take it without neglecting my private practice," said King.

Miller is expected to continue in office until March, as he has not been in private practice since last summer. Since accepting the court appointment October 1, he has been expecting almost daily the appointment of a successor by the president, but is understood to be ready to keep the position for another three months.

While the appointment is for "four years," it practically is for the term of the democratic power. Republicans could make it so unpleasant for a democrat that he would resign.

While the republican patronage has not been definitely decided upon, the race is said to be between Frank Lee of Muskogee and J. H. Meador of Tulsa, both of whom have had several years of experience in the office. Because of the likelihood of the naming of L. G. Disney of Muskogee as superintendent of the Five Civilized Tribes, the Tulsa man is being favored for the district attorneyship. Muskogee, a democratic city, can not "hog" the appointments, republicans say.

To Build New Apartment.
Plans for a modern three-story fireproof apartment house to be completed before July 1, 1921, were announced here today by the Manhattan Construction company, which completed only last year one of the biggest apartment houses in the city. The new buildings will contain 44 apartments, of single and double type, and is expected to relieve the existing shortage of living quarters.

The exterior will be of brick and stone with an open tiled terrace facing a park. A garage in the rear and other rooms in the building including a large lobby and reception hall, will be of modern construction. Mahogany doors, hardwood finish and tile floors will be among features. It is expected to be one of the best apartment houses in the southwest. The cost has not yet been figured, but probably will mount over the \$100,000 mark.

Appoint Building Inspector.
kooee.

After being without a building inspector for several years, the city of Muskogee has named Plumline Inspector John McKittrick as building inspector. He will not only inspect new buildings, but will look over old buildings. A fatal elevator accident last week called attention of the city to the alleged unsafe condition of many office building elevators which will be thoroughly investigated within the next few days. Particular attention will be given safety equipment in big buildings, said City Manager Harrison in making the appointment. The city engineer's office has been handling building inspection in recent years.

Tulsa Lawyers Sue Oil Company.
Benjamin F. Rice and Thomas B. Lyons, law partners, filed suit in federal court Tuesday to recover \$125,000 in fees from the Roxana Petroleum company of Tulsa. The suit, which was removed here from the Tulsa district court, alleges that Rice and Lyons were "fired" as counsel for the company.

"At a meeting in New York in 1919 our resignation as counsel was accepted, but we had never handed in the resignation," says the petition.

The lawyers' connection with the Roxana company, which is a subsidiary of the Standard Oil Company, is the basis of the suit.

HOW TO GUARD AGAINST APPENDICITIS ATTACK

Appendicitis is an intestinal infection often due to old, retained waste matter. Even though bowels move daily, poisons may accumulate in the system for months. The intestinal antiseptic, Adler's-Ka, acts on BOTH upper and lower bowel and brings out matter which might start an appendix infection. EXCELLENT for gas on the stomach and chronic constipation. Adler's-Ka brings out matter which you never thought was in your system. Roy R. Getman, 113 South Main.—Adv.

Fortune Rejected by Garland to Be Saved For Heirs Regardless

NEW YORK, Dec. 1.—Henry D. Tudor, managing trustee of the \$1,250,000 estate which Charles Garland of Hazzard's Bay, Maine, recently refused to accept as a bequest from his father, declared today in a statement that he thought young Garland acquired his ideas regarding inheritance from associations formed in Greenwich Village, New York's Bohemian quarter, where he passed four months a few years ago. Mr. Tudor, who is president of the Commonwealth Finance corporation and a distant relative of young Garland, said that the trustees were "embarrassed" by his attitude in refusing to accept the property.

Mr. Tudor declared he was being besieged by charitable organizations and people desiring to establish hospitals and orphanages who desire to obtain the estate or at least part of it. "The trustees are convinced, however," said Mr. Tudor, "that nothing can be done but to continue the trusteeship indefinitely. We hope that Garland will change his opinion, but if not, we will keep the property to give to his heirs. We are bound by law to make no other disposal of the estate."

Administrators of the Royal Dutch Shell company, dates back to 1913 and 1914, when valuable oil acreage in the Cushing and Healdton fields was bought for the company at a price of \$15,000,000. They claim to have engineered these transactions, for which they received a fee of \$25,000.

Boy Injured Saving Sister.
Because he tried to save his little sister from injury and possible death, Frank Ellison, 12 years of age, is lying in the hospital with a broken leg.

Young Ellison was taking his 6-year-old sister to school, riding her on the handle bars of his bicycle. A taxi cab driven by Clifford Fox, negro, backed into the bicycle and threw both youngsters into the street. Frank in a successful effort to keep the taxi from running over his little sister, threw himself against the machine. It passed over his leg, breaking it just above the ankle.

Experiment on Road Oiling.
Muskogee county gravel roads may be oiled if an experiment that will be started soon is successful. County Commissioner Bill Harrower says today. A short strip will be oiled to see if the oil keeps the road in good condition, according to Harrower.

"Maintenance of the hard-surfaced highways is the hardest problem for the road experts," he said. "We must proceed slowly here because of the new construction we are trying. But everyone agrees that roads must be patrolled if they are to be kept in condition. So we are starting a system of patrols very soon."

More than 47 miles of gravel road will be completed here within a few weeks, he said.

Crime Wave in Muskogee.
Petty crime has been on the increase here recently according to authorities. Thefts of overcoats, lap robes and other small articles are being reported to police in increasing number. Holdups also are common and police are redoubling their efforts in an attempt to stop the wave of crime from becoming greater.

Politicians Enter Grocery Business.
Fred Hamilton, county treasurer-elect and Frank Stroupe, oil man, have bought a grocery store at East Cherokee and Broadway. Both are former city officials and are well-known.

TO RELIEVE CATARRH, CATARRHAL DEAFNESS AND HEAD NOISES

Persons suffering from catarrhal deafness or who are growing hard of hearing and have head noises will be glad to know that this distressing affliction can usually be successfully treated at home by an internal medicine that in many instances has effected complete relief after other treatments have failed. Sufferers who could scarcely hear have had their hearing restored to such an extent that the tick tick watch was plainly audible seven or eight inches away from either ear. Therefore, if you know of someone who is troubled with head noises or catarrhal deafness, cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. The prescription can be prepared at home and is made as follows:

Secure from your druggist 1 ounce Parmit (double strength). Take this home and add to it 1/2 pint of hot water and a little granulated sugar, stir until dissolved. Take one tablespoonful four times a day.

Parmit is used in this way not only to reduce by tonic action the inflammation and swelling in the Eustachian tubes, and thus to equalize the air pressure on the drum, but to correct any excess of secretions in the middle ear, and the results it gives are nearly always quick and effective.

Every person who has catarrh in any form, or distressing rumbling, or roaring sounds in their ears, should give this recipe a trial.—Adv.

known politically. Hamilton does not take office until next July.

Fight Rises in Gas Rates.

W. M. Gubager, lax ferret, is enlisting 7,500 girls of gas and electricity in the fight to keep the state corporation commission from raising rates. He has sent postcards to every one of the 7,500 in an effort to get united support for his fight which will be carried through the federal courts if the state courts refuse action, he says.

Kiwiana Send Condolence to Wyand's Family.
Resolution of condolence for the family of J. E. Wyand, former mayor who died Saturday, was passed by the Kiwanis club on motion of City Attorney W. P. McGinnis.

Organize Church Athletic League.
An inter-church athletic league has been organized here to sponsor contests at the Y. M. C. A. during the winter season. Volley ball and basketball will be the first sports taken up.

CAN'T FIX BLAME FOR RIOT

Grand Jury Fails to Take Action in Florida Case.

ORLANDO, Fla., Dec. 1.—The grand jury investigating the Ocala election riot, in which two white men and at least five negroes were killed, reported today that after examining 21 witnesses, it was unable to place the blame for the affair. While the bodies of only five negroes were identified after the riot, which resulted from a dispute started by a negro at the polls, it is said that many more negroes were killed.

A Stubborn Cough Loosens Right Up

This home-made remedy is a sure cure for quick results. Sufferers and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, throat tickle, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2 1/2 ounces of Pinex into a pint bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you get a full pint—a family supply of much better cough syrup than you could buy ready-made for three times the money. Keeps perfectly and children love its pleasant taste.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its prompt healing effect upon the membranes.

To avoid disappointment ask your druggist for "2 1/2 ounces of Pinex" with full directions. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

Resinol Ointment is sold by all druggists.

PAUL SUFFERS A RELAPSE

Man Shot by Policeman Has Slight Chance for Recovery.

Foreman Paul, who is in the Oklahoma hospital suffering from a bullet wound in the abdomen inflicted by Grand Tuckee, merchant policeman, when he was caught in the act of burglarizing the John D. Hall women's furnishing store, was reported worse late last night. He had apparently suffered a relapse, attendants said. When he was first taken to the hospital early Sunday morning physicians said that Paul had only 48 hours to live. Optimistically the injured man said that he would recover and it is now believed that he has a fighting chance where formerly none existed.

JUNIOR C. OF C. MEETS

Members Will Discuss Needs of Tulsa & Surrounding Communities and Report to Higher Body.

Cured His RUPIURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. I refused to do so. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no fast time, no trouble. I have nothing to say, but will give full information about how you may find a complete cure without operation, if you write to me. Eugene M. Pullen, Carpenter, 372 G. Marceline Avenue, Muskogee, N. J. Better cut out this notice and show it to any others who are ruptured. You may save a life or at least stop the misery of rupture and the worry and danger of an operation.—Adv.

MEAT CAUSE OF KIDNEY TROUBLE

Take Salts to Flush Kidneys If Back Hurts or Bladder Bothers.

"If you must have your meat every day, eat it, but flush your kidneys with salts occasionally," says a noted authority who tells us that many forms of uric acid which almost paralyze the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, your stomach sour, tongue is coated and when the weather is bad you have rheumatism twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.—Adv.

commerce, the junior chamber of commerce will meet Thursday noon at the Tea Cup Inn to discuss the local transportation situation.

Specific improvements demanded by the city are to be set forth in detail, so they may be presented to the corporation commission when it holds the hearing for the Tulsa street railway company here this month. The commission recently requested that the city make a list of these improvements, and City Attorney Frank E. Duncan has re-

quested both chambers of commerce to decide upon what they believe the most essential improvements.

Thursday's meeting of the junior organization is to be sort of open forum at which members will express their views on transportation.

A report of their opinions is to be presented to the weekly meeting of the senior chamber of commerce at Hotel Tulsa Friday noon.
